Amendments to Amusement Tax Act

Effective, Sunday, May 1st-Tax
Increased on the Higher
Price Tickets

The Amusement Tax shall be at the
following rates:

1. When the price of admission is
two, two cents to fifteen inclusive, a tax
of five cents.

2. When the price of admission is
more than fifteen cents, but not more
than 50 cents, a tax of 7 and one-half
cents.

3. When the price of admission is
more than fifty cents, but not more than
seventy-five cents, a tax of five cents.

4. When the price of admission is
more than seventy-five cents, and not
more than one dollar and twenty-five
cents, a tax of ten cents.

5. When the price of admission is
more than one dollar and twenty-five
cents, and not more than two dollars, a
tax of twenty and one-half cents.

6. When the price of admission is
more than two dollars, a tax of twenty-
five cents.

7. A tax of twenty-five cents shall be
paid by every person attending any box-
ing bout or contest.

8. When admission is given by pass
or complimentary ticket a tax shall be
payable at the highest rate charged for
the performance to which admission is
granted.

A man's character resembles a
fence. You can't strengthen it by
using whitewash.

Referring to the statement that
bachelors talk about their im-
munity from matrimony and all
the trials and tribulations that go
with it, and that they should be
only too glad to pay the bachel-
or tax, M. J. O'Brien, of Fairfield,
Wash., remarks: "I hardly think
that taxing bachelors is just. Any
man who can resist the super-
stitions, allurements, and mod-
ern temptations, sex appeal and pecu-
niality of the modern Cleopatra to
the extent that he remains a
bachelor is a superman and should
be given a pension instead of be-
ing levied with a bachelor tax."

We have received a copy of the
prize list for the Lethbridge annual
exhibition, which is to take place
on July the 20th to 22nd inclusive.
Particular attention is drawn to the
boys' and girls' live stock con-
ditions on pages 13 and 15, and
the educational department on
pages 63 and 65. Boys and girls
intending to compete in the stock
classes will require to commence
feeding their animals before May
20th. In the girls' and boys' com-
petitions, prizes are offered for
Best Essay on forthcoming Ex-
hibition, Best General Map of
Canada, Best Specimen of Pen-
manship (100 words), Best Sol-
idified Black and White Draw-
ing, Pastel Drawing, Water Color,
etc., and best collection of six
snapshot photographs.

A Treat in Store

We understand that the Welsh
people of this part of The Pass are
getting together to organize a mass
choir of Welsh voices to stage a
grand concert recital at Hillcrest
towards the end of May in aid of
Hillcrest Methodist church. Every-
one should look forward to this
event, which will be a treat extra-
ordinary.

Accident at Bellevue Has Fatal Result

A sad accident occurred in the
Bellevue mine of the West Cana-
dian Collieries on Monday, which
resulted in the death of William
Brooker about twenty four hours
afterwards. Brooker was engaged
coupling mine cars and was caught
and crushed between two cars,
sustaining internal and external
injuries from which he succumbed
at the hospital after all possible
had been done to relieve his suffer-
ings.

Brooker was about 44 years of
age and leaves a wife and three
small children. Mrs. Brooker has
been a hospital patient for about a
year, most of the time at Calgary,
while the children have for some
time been in the care of relatives
in Eastern Canada.

Deceased was a devout member
of Bellevue Lodge No. 118, of the
I. O. O. F., and was very highly
esteemed by the members of his
lodge, as well as by all with whom
he came in contact. He was of a
most kind and cheerful disposition
and will be greatly missed.

Funeral took place on Wednes-
day afternoon, under the direction
of Bellevue I. O. O. F., and was
very largely attended. The funeral
service was conducted by Rev. Bro.
Harry Peters at the Oddfellows'
hall, while at the graveside the
beautiful and impressive Odd-
fellows' last service to the dead
was administered.

Following the Oddfellows' ser-
vice the memorial service of the U.
M. W. A., of which the deceased
was also a member was conducted
by Bro. Fred Beale.

Sincerest sympathy of all is ex-
tended to the bereaved relatives.

In a raid and search conducted
by Sergt. Nicholson, assisted by
Constables Reid and Moriarty, at
the Alberta hotel building on
Saturday evening last, a quantity
of "near beer" was located in a
ware house. The warehouse was
locked up and samples were sent
via a police escort to Edmonton
for analysis and court proceedings
will follow if the goods register
more than the legal 2 per cent. It
is said that nothing of intoxicating
quality was found in the bar.

A Constructive Colonization Project

On more than one occasion during the past two or three years, in fact ever since the signing of the Armistice turned men's thoughts and energies from war back to the pursuits and activities of peace, articles have appeared in this column laying emphasis upon the importance, yes, the urgent necessity, of a large increase in the number of living upon and producing from the land. The view has been advanced without the slightest fear of successful contradiction that the only solution for Canada's huge national problems is to be found in increased population; that, increased population definitely and actively engaged in the primary industry of producing new wealth out of the undeveloped natural resources of the Dominion—the chief and most easily worked of which are the now unoccupied but fertile agricultural lands of the West.

It requires no great far-sightedness to arrive at the above opinion. Any intelligent student of conditions and affairs cannot help but see it, nor need he be a very deep student at that. Canada's billions of public debt, occasioned by the war can only be carried, and ultimately liquidated, through the taxes paid by the people. But taxes cannot be paid unless people have money, and money is not made merely by the act of trading in existing commodities. New wealth must be created, and it can only be created by production from, first the land, and secondly, from the other undeveloped natural resources—the mines, the forests, the fisheries, etc.

Every new settler placed on the present unoccupied lands of Western Canada means—

1. An additional producer of new wealth.
2. Another taxpayer to carry a portion of the public debt which that debt be represented by the national war bill, (b) provincial, (c) municipal, (d) school.
3. Increased ability and power to provide needed facilities such as schools, highways, bridges, telephones and other public services.
4. Closer settlement, with doctors, hospitals, nurses, churches, postal services, and all the advantages of modern community life nearer at hand.
5. An assurance of an increased volume of traffic for railways and other transportation systems, and consequently largely increased revenues and decreased operating deficits, and at the same time reduced passenger and freight rates.
6. As the natural and inevitable sequel to the above, added value to every acre of land in the whole country.

If the settlement of the now unoccupied lands of the West means the bringing of these decided reforms and advantages, and the solution of now heavy pressing national problems of finance and taxation, surely all Governments, public bodies, and people generally, should not merely welcome, but unhesitatingly support anything and everything carefully designed and organized with the avowed object and sole purpose of encouraging and promoting colonization and settlement for productive use of the unoccupied lands of this country.

In the daily and weekly press during the past week there appears the full text of a memorandum recently submitted to the Provincial Governments of Manitoba, Saskatchewan and Alberta by the managing director of the Western Canadian Colonization Association, in which are set forth the studied convictions of that organization as to the steps it is now necessary to take in order to turn the tide of immigration of experienced agriculturists to Western Canada. That memorandum is deserving of the careful study of every man in these Western Provinces who has his own, his neighbor's, and his country's success and prosperity at heart.

It is to be borne in mind that the Western Canadian Colonization Association is not a money-making, dividend-paying concern. By its charter from Parliament it is provided for making any profits for itself. Rather it is like the Exhibition Association in these Provinces—a body of men who have contributed money with a public spirit and a broad vision. Exhibition Associations cannot pay dividends; their work is the fostering and developing of their respective communities. Men who take a share of stock in an Exhibition Association and give of their time and effort to the success of such undertakings, do so with no view to profit for themselves. Reward can only come through the advancement and increased prosperity of the whole community. In that way, and that way only, can they reap profit from their money and their work.

So, too, with the Western Canadian Colonization Association. Only in its case the whole West is its field. The plan outlined by this Association is not fantastic, but plain and simple and practical. It is asking no money grants from Governments; only for practical co-operation through legislation and Government departments. Its plan certainly appears to be worthy of a trial, and to merit the support of Governments in the first instance, and sympathetic co-operation by the people once the plan is officially adopted and the machinery for the carrying out of the scheme actually set in motion.

No Message Sent

To The Sinn Fein

British Deny Report That Peace Offer Was Made.

The British Government has sent no message to the Sinn Fein "by any body, or authorized agency, or open negotiations in its behalf," Austen Chamberlain, the Government spokesman, announced in the House of Commons. Mr. Chamberlain made this announcement in answer to a question concerning the activities of John J. Farrell, former lord mayor of Dublin, who stated in that city, that a peace offer was to be made to the Irish Republican Parliament.

Speaker's Chair Has Arrived.

The replica of the Speaker's chair at Westminster bought for the Canadian House of Commons by subscription of all members of the British House of Commons, was unshipped from the steamer Canadian Raider, which docked at Montreal, and was despatched to Ottawa.

Proposed Stockyards

United Farmers Urge Establishment Of Yard in B.C.

A sequel to the resolution adopted at the recent convention of the United Farmers of British Columbia urging the government to establish stockyards in British Columbia is the announcement of President Copeland of the United Farmers, that that organization will in all probability erect stockyards at New Westminster to assist British Columbia stockmen and farmers to hold the local market. Over 16,000 head of beef cattle were shipped from the province of Alberta in 1920.

The pipe lines in America, used to carry petroleum from the wells to central points for storage or to refineries are sufficient in length to girdle the earth at the equator.

At heights of more than 23,000 feet above sea level, mountaineers say that sleep would be difficult, if not impossible.

Ready to Eat and Every Bit Eatable Grape-Nuts

Alberta Crop Prospects

Believed That Area in Wheat Will Be Larger Than Last Year.

"Fewer acres and more bushels" is the phrase which the aims of the farmers in Southern Alberta this year are described by a Lethbridge paper which estimates that the area in crop in the surrounding country will be from fifteen to twenty-five per cent smaller than it was last year, but that considerably more summer-fallowing will be done this year than any previous year.

Any reduction in the area in crop in the southern portion of the province promises to be offset by a corresponding increase in the central and northern portions. Indeed, it is too early yet to say definitely that the acreage in crop in the south will be smaller than it was last year. From several points reports have come of larger areas being seeded.

It may be safely said that the area in wheat will be larger than it was last year. There are two reasons for this. One is that the season opened much earlier than it did last year, thus giving the farmers plenty of time to sow their wheat. The other reason is the more favorable market for oats and other grains.

More and larger areas are being planted to sunflowers on farms in all parts of the province and many more silos will be built this summer. Winter rye and winter wheat, where it has been planted has come through the winter in good condition, and the range grass is making a good start.

Pumpkins From Irrigated Land.

Pumpkins and squash of several varieties have been grown successfully for four consecutive years on irrigated land near Brooks, Alta. During the past fall two carloads of green Hubbard squash and smaller pumpkins were shipped to the Calgary market. These gave a net return of over \$200 per acre.

British Columbia Orchards.

An orchard survey recently made by the Horticultural Branch of the B.C. Department of Agriculture gives the total area of land under cultivation at 19,991 acres. Of this amount 12,915 acres are situated in the North Okanagan territory, while the balance, 7,076 acres, is situated in the south.

On Its Way.

"And what is an egg?" asked the missionary who was testing his hopeful pupil's knowledge of English. "An egg," said the boy, "is a chicken not yet."—Watchman-Examiner.

In the year 1709 an edict was issued at St. Helena for the punishment of persons gossiping. So severe was the penalty imposed that gossip was forever banished from the island.

If a woman only knew her husband as well before as she does after the chances are that she would marry some other fellow.

Even the man who expects the unexpected is apt to be surprised when it happens.

Allies Have Not Yet Solved Secret

Mechanism of "Big Bertha" Has So Far Eluded Discovery.

The secret of the mechanism of "Big Bertha" and the three long-range guns of that type which the Germans are known to have possessed, has so far eluded discovery. The Peace Treaty stipulates that these, just as any other German guns, should be surrendered, but up to now the Germans have refused to obey. A grant of \$50,000 francs was made by the French Government for research work, with a view to discovering the secret, but down to the present nothing is known by the Allies, apparently, as to how these guns were made. The Germans are continuing, however, and the work is now in the hands of the French naval artillery department.

Now A Screen Personality

Prince of Wales Makes Ideal Camera Subject.

As an adolescent screen personality the Prince of Wales has eclipsed the leading favorites in England. It is told in London of a flapper who followed the recent Official Tour Film from theatre to theatre, and admitted she had spent over £2 in three weeks in seeing "that darling boy." A favorite with the topical cinematographers, the Prince is certainly an ideal camera subject. He is always perfectly "natural," and his prowess as a horseman—glimpes of him on the screen would do credit to a serial champion.

It's difficult for a man with a boat-rocking wife to paddle his own canoe.

Murdered!

Put right out of business, a whole family not of good honest folks, but of Cornish descent—these come that sting and bite. Puntam's Corn Extractor is the only painless safer relief for corns, it never fails, 25c everywhere.

Canadian Flour For U.S. During the week ending April 16th, 361 carloads of flour passed through Winnipeg for destinations in the United States.

A SPLENDID TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act On the Blood and Nerves.

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery, in health the natural appetite is the best guide to follow; in sickness the appetite is often feeble.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up strength and restore vitality to the run-down system. For growing girls who are thin and pale, for tired women, and for old people who fail in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gellie, Hantsport, N.S., who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run-down that I could hardly do my own work. I often suffered from dizziness and was very nervous. I then began the use of Dr. Williams' Pink Pills and I can truly say I have found them the best medicine I have ever taken. You may depend upon 'it' I will advise others suffering from weakness and nervousness to get Dr. Williams' Pink Pills through any dealer in medicine by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

Egg Shipments From Moose Jaw. Approximately half a million eggs, comprising six carloads or 2,700 cases, were shipped from Moose Jaw to Canadian and American markets during the month of March. The shipment is a record for any one prairie city at this time of the year.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

Boats For Far North

Activity in the Boat Building Trade at Edmonton.

There is great activity in the boat building trade at Edmonton. During one week a full car of 20-foot heavy freight canoes and lighter boats for the trapper and prospector left for the far north. This represents a portion of a large order placed by the Hudson's Bay Company with the Alberta Motor Boat Company. An order has also been received for two heavy cruiser type canoes for the Royal Canadian Mounted Police which they will use in patrol work, and other boats have been ordered by the Dominion Forestry Department.

W. N. U. 1507

McDonald Has Now Discarded Cane And Walks Well As Ever

"I just simply think there's nothing like Tanlac, for the way it has restored my health is simply wonderful," said Kenneth McDonald, well-known hardware dealer, residing at Oak River, Man., while in Winnipeg recently. "Three years ago I commenced suffering with lumbago, and then a year later rheumatism struck me in my legs. My knees were so stiff in the mornings I could not bend them, and I certainly did have a time getting my clothes on. In a few months my legs and arms got to hurting terribly, and I was so crippled up I couldn't get around without the aid of a cane. I was hardly able to eat anything, and suffered from gas bloating and pains that were simply terrible. The pains kept me awake most of the night. "About two months ago I started taking Tanlac, and three bottles of this medicine made me feel like a different man. I've finished my sixth bottle now, and haven't a trace of lumbago, rheumatism or stomach trouble left with me, and have gained twelve pounds in weight. The cane I used to walk with, stands up in the corner of my room now, for I can get about so well I never need it any more. Tanlac is beyond doubt the best medicine in the world."

Tanlac is sold by leading druggists everywhere.

Fishing Popular Summer Pastime

Booklet Issued by C.P.R. Will Prove Valuable to Anglers.

For the information and guidance of the angler, the Canadian Pacific Railway has issued a booklet entitled "Open Seasons for Fishing in Canada and Newfoundland." This booklet covers extensively the kind of fish to be had in each province, the open seasons, and the resident and non-resident license fee. Fishing being a popular summer pastime in Canada this booklet will in all probability be in great demand and prove of value for the information it contains.

Keep Minard's Liniment in the house

May Ship Fruit Via Panama Canal. R. G. Parkhurst, Vancouver, manager of the Royal Mail Steam Packet Line, which will shortly have ships operating from Vancouver to the Old Country, visited the Okanagan recently and discussed with fruit shippers plans for sending apples to the Old Country via the Panama Canal. It is expected that there will be a good movement of apples to the markets of the United Kingdom this fall.

Don't Submit to Asthma.

If you suffer without hope of breaking the chains which bind you do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its efficacy. The relief that comes will convince you of more than anything that can be written. When help is so near, why suffer? This remedy is sold by dealers everywhere.

Foch May Dedicate Quebec Memorial

The Great War Veterans of Quebec have been granted permission by the city council to place a memorial cross on Montcalm Market Square close by the St. John's Gate, as a tribute to Quebec men who fell in the war. It is intended to place beneath it a quantity of earth from Ypres and Vimy Ridge. It is hoped to get General Foch, if he comes to Quebec this summer, to turn the first sod for the memorial.

Automobiles As Dental Parlors

The equipment of two automobiles as dental parlors to look after the dental requirements of children in settlements far away from dentists was decided upon recently by the Saskatchewan provincial executive of the Red Cross.

You will enjoy the flavor the reason is inside the package.

A SQUARE DEAL FOR THE SETTLER

Is the Aim of the Western Canada Colonization Association—It Can Be Realized Through Co-operation from the Prairie Province Government.—Legislation Necessary to Assure Success.

(By J. W. Dufor, Editor-in-Chief of the Manitoba Free Press.)

In times of difficulty and distress the dependence of all sections of the community upon one another is revealed far more clearly than in periods of abounding prosperity when the need for co-operative action is not so apparent.

At the moment Canada is faced with a problem of immense magnitude: how to induce the rapid and successful development of the vacant lands in the West in proximity to the railway lines.

The old immigration movement—the combined result of many independent agencies, among them the Government, railways and land companies—was pretty well over before the war came to put a complete stop to enterprises of this character.

Now the factors of the problem are so changed that the old agencies, if they could be revised and got back to work again, could not renew their old successes. Everything is changed: the character of the settlers required, the nature of the appeal that must be made to secure them, the method of their selection, and of the land to be given to them.

The immigrants most needed are people who will come with a view to securing farm homes for themselves; they must have a moderate amount of capital now put into the land, free homesteads, and experience in farm work, or at least aptitude for it is desirable. There is no lack in the world today of people of this type to whom the prospect of a home in Western Canada, if it could be brought before them, could make an irresistible appeal just as there are available for them the very homes they desire if some method can be found to bring the vacant lands and the home-seeker together.

The Western Canada Colonization Association has come into existence in the expectation that it will be able to render a great public service by devising and carrying out a plan by which the desirable immigrant in other lands—over the sea, or south of the line, will be secured, brought to Western Canada, placed on suitable land and given such encouragement as may be necessary to make him a contented and prosperous settler.

The Western Canada Colonization Association will devote its efforts primarily to inducing the right kind of settler to come to Canada. It will do this work in a way that will give every agency existing or hereafter to be called into being devoted to the same purpose, rather than to the provision they work towards a common object to co-operate to this end.

Did Not Receive S. O. S. Call

U.S. Transport Attracted to Japanese Vessel By Smoke.

Seattle—Forty-three of the 65 survivors of the Japanese freighter Tokuyuki Maru, which burned to the water's edge off the Oregon coast with a loss of eight lives, were in Seattle hospitals suffering from shock and exposure. The remaining 22 survivors reported themselves already recovered from their experiences. Only one body of the eight dead had been recovered.

Capt. Kerr, master of the Buford, declared his ship had not received an "S.O.S." from the Tokuyuki Maru, but was attracted to the stricken vessel by sighting the column of smoke.

"We had just been having hot drill," Capt. Kerr said, "when I saw the smoke in the distance. We were 12 miles distant then, and 55 minutes later we were on the scene.

"There were constant explosions and with every explosion the flames shot 100 feet in the air and a hail of cotton were hurled 200 ft. high."

Capt. Suzuki, master of the Tokuyuki Maru said the fire started in the coal bunkers and was due, he believed, to spontaneous combustion.

The ship carried 1,000 tons of coal, 700 tons of fuel oil, and a big cargo of nitrates, lumber and cotton.

Advocates Indian Schools.

Toronto—Chief Loft, of the Mohawk Tribe of Indians, addressing the York Pioneer Club here recently, urged that Indian education be brought under the provincial department of education so that the Indian children might take full advantage of the public and school system.

Chief Loft served overseas in the Canadian Expeditionary Force.

Harvey Sails For England.

New York—George Harvey, newly appointed United States ambassador to Great Britain, has sailed aboard the steamship Aquitania for Southampton.

The association is not a land selling agency. It has no interest in any particular district and is not concerned in the disposal of privately held lands. Yet it is true, obvious that the settlers are secured for Western Canada they will require land. If they can get the land they want at the price they can afford to pay, in a locality that meets their wishes, the plan will work. After the first thousand settlers are successfully placed the current of immigration will set in steadily and will never cease until the vacant places in the West are filled.

But the successful placing of the settler after he is secured, is the very foundation stone of the enterprise, lacking it the movement must fail. The Western Canada Colonization Association has asked the people of Western Canada to attend themselves to this matter, of such vital importance to the future of the agency of their own Provincial Government.

In the memorial presented to the Governments of Manitoba, Saskatchewan and Alberta by the association the outlines of the proposed plan are drawn. Briefly each government is asked to create a Land Board for its province which will list all vacant lands with prices fixed for two years and issue maps and literature showing the location of this land and giving the facts as to the price and character of the land. Provision is made insuring a reasonable valuation and owners will be asked to name agents empowered to make sales.

If this plan is carried out the Western Canada Colonization Association and every other immigration agency put into operation outside of Canada will be hands of the prospective immigrant removal to a new home in Western Canada a business investment instead of a highly speculative venture. He will be able to decide before hand the district to which he is to go and he will know that when he arrives he will be able to get the land he requires without delay and without uncertainty. The road will be straight before him and the goal will be in sight.

The beneficial effect upon immigration of an arrangement like this which assures of a constant treatment and a square deal will be beyond calculation. It will remove, too, from the whole movement the suspicion that it is a device for selling land and great profits in its proper light and great profits in its proper light and great profits in its proper light.

Report is that when the Legislature next meets there will be a small group of Independent Farmers, and that some of those who have been nominal members of the group for the past few months will be aligned formally with their groups with which they have voted.

Says Public Records Should Be Preserved

Sir Robert Borden Claims Valuable Documents Are Neglected.

Ottawa—Better provisions for the care of public records was urged on the House by Sir Robert Borden, former prime minister, this afternoon. Sir Robert quoted from the report of a royal commission to show that documents of prime importance were stored in dark rooms and passages in inaccessible places; in places where depreciation was bound to result. Many were in buildings not fire proof. Decision had been reached to have a fire proof building erected, but the war intervened, and the work was not carried out.

The Prime Minister, the leader of the Opposition and the leader of the Progressives were as one in recognizing the need for every care of historical documents.

Object To Amusement Tax

Kington Veterans Claim They Have Privileges.

Kington, Ont.—Strong objection is made by the Army and Navy Veterans of this city to payment of the amusement tax. The veterans have decided to challenge the right of the Ontario Government to levy such tax upon army and navy veterans and to make a test case to the courts, if necessary. It is claimed that the veterans have distinct privileges under the charter granted by the act of parliament, and that the Ontario Legislature cannot destroy these privileges.

French Ambassador For Vatican.

London.—It is learned on good authority, says a despatch to the London Times from Paris, that the French Government is determined to appoint an ambassador to the Vatican immediately without waiting passage by the Senate of the bill which would restore diplomatic relations between the French Government and the Holy See.

Polish Coup In Upper Silesia

British Fire on Poles Trying to Occupy City.

Oppeln, Upper Silesia.—Col. Bond, British control officer at Gross-Strehlitz, reported to British headquarters that he opened artillery fire on 20,000 to 30,000 Poles attempting to occupy the city.

The Poles brought up light field pieces and upper Silesia. Col. Bond, who has approximately 200 Italian troops, also reported that he probably could not hold out long.

London.—Dr. St. Hamer, the German ambassador here, presented a note to the Foreign Office protesting against the Polish coup in Upper Silesia, as an apparently concerted effort to take the province by force, and refusing all responsibility for the situation and its consequences.

The note has also been communicated to the other allied governments.

Plunges Eighty Feet Into River

Employees of Ottawa Public Works Department Hit Narrow Escape.

Ottawa.—A miracle occurred here when Joseph LeFebvre, employed by the Public Works Department as a driver, went over the big dump at the foot of Bank Street with a horse and dump cart. He fell about 80 feet into the Ottawa River and escaped with a few bruises and a severe shock to the nervous system.

The miracle does not end there, for the horse, after turning end for end once or twice and landing like a ton of brick, with the smashed wagon in the river, calmly swam from the scene of the accident to a boat house nearly a mile down the river, where he was brought safely to terra firma.

Farmers May Reorganize

Group in Manitoba Legislature Will Likely Be Smaller.

Winnipeg.—The Independent Farmer party of the Manitoba Legislature, which has seldom voted as a unit in the session just closing, may be re-organized. William Robson, leader of the group, said that its future would be decided immediately following the close of the session.

Report is that when the Legislature next meets there will be a small group of Independent Farmers, and that some of those who have been nominal members of the group for the past few months will be aligned formally with their groups with which they have voted.

Ontario Has New

Police Commissioner

General Sewell Was Camp Commandant at Sewell, Man.

Toronto.—Major-General H. Elliott, Toronto, has been appointed commissioner of the Ontario Provincial Police. This is a new position created by legislation at the session of the House which has been formally ended.

General Elliott will have wide powers in the enforcement of the general criminal law and the Ontario Temperance Act. He was camp commandant at Sewell, Man., in 1915, later proceeding to France.

Foxes Classified For

Quarantine In U. S.

Pur In Such Demand Bars Are Put Up.

Washington.—Fox fur has come into such demand in the United States that agriculture department officials have put up immigration bars against the flow of undesirable live foxes into the country for breeding purposes. By regulations just issued, foxes are classified with other livestock for quarantine against disease, and can enter the country only after inspection and on permit, except when consigned to zoological gardens.

No More Meat Tickets.

Toronto.—With the distribution of a three-day supply of meat tickets to 4,100 men, the official word went forth that that was the end of the free meat ticket campaign.

Officials of the local labor movement said that another demonstration was being planned by the unemployed.

Sir John Simon Coming.

Winnipeg.—Right Hon. Sir John Simon, K.C., former British Home Secretary and former Attorney-General, has accepted an invitation to attend the annual meeting of the Canadian Bar Association at Ottawa on September 6, 7 and 8.

Acquisition to Saskatchewan Cabinet

Mr. J. A. Maharg, President of the Saskatchewan Grain Growers, and member for Maple Creek in the Dominion House, who has accepted a portfolio in the Saskatchewan Government.

Allied Demands In Ultimatum of Council Sent To Germany

German Cabinet Has Resigned

Decision Reached After Receiving U.S. Reply On Reparations.

London.—A telephone message received from Paris gives a Berlin despatch saying that in view of the situation that arose in consequence of the reply of Secretary of State Hughes to Germany's counter-proposals on reparations, the German Government unanimously decided to resign.

Chancellor Fehrenbach informed President Ebert of his cabinet's decision, whereupon the president requested the ministry to continue to deal with current affairs, which it consented to do.

Calgary May Have Tong War

Oriental Quarter Upset Over Gambling Raids.

Calgary—Chinese National League and Masons are giving the city police and the police court magistrate no end of trouble these days. While the miniature Tong war to date has not brought about any fatalities, still there is reported to be a dangerous under-current running in the Oriental quarter of the city, which may become serious any moment. Gambling clubs supported by both factions have been raided by the police lately, which is said to be one of the reasons of the present tension.

Terrific Storm Sweeps Atlantic

Fears Felt For Safety of Ships, Damage Over Million.

New York—New York City and neighboring seacoast towns were buffeted by what is said to be the most severe wind and rain storm in the last ten years. The storm paralyzed trolley and train service in outlying districts, entangling damage estimated at more than \$1,000,000. Staten Island, jutting out into the sea was the hardest hit. The raging sea swept over bungalows along the beach, flooding hundreds of summer bungalows. At Far Rockaway, the surf swept away scores of yachts and motor boats.

The weather bureau reports that the gale, which reached 75 miles an hour during the night had somewhat abated, but was still strong enough to toss ships helplessly out of their courses. At Rockaway Point the water from Jamaica Bay was brown feet back from the beach, flooding hundreds of summer bungalows. At Far Rockaway, the surf swept away scores of yachts and motor boats.

London.—The text of the Allied ultimatum to Germany after a brief introduction reciting Germany's unfulfilled treaty obligations with regard to disarmament reparations, the trial of war criminals and other matters, is in substance as follows:

The Allied powers have decided:

(a) To proceed from May 5 with all necessary preliminary measures for the occupation of the Ruhr Valley by Allied troops on the Rhine under the conditions laid down.

The Calgary Daily Herald

a Newspaper for Everyone in Town or Country

THE HERALD is a great family newspaper. Its editors always keep this point in view, its daily and weekly features embrace almost every important phase of human endeavor. Its special departments for women and children are most complete.

AMONG the most important of its news features is the provincial page chronicling local happenings all over the province.

THE HERALD maintains a large staff of special town and country correspondents to keep and make this news live and up to the minute.

THE HERALD is your paper, the family journal of everyone in its territory.

An exceptionally high class programme is promised by the Dominion Chautauqua this year. Specials on the programme will include Agnes C. Laut, the great Canadian author; Dr. James L. Gordon, great Canadian divine, whose lecture on "Grace, Gift and Gratitude" has never been equalled as a spell binder; the Cuffer-Miller Players in "The Rivals"; Judge George D. Alden, the "Ambassador of Happiness"; Letha Coleman on "The Homing of the People"; The Scotch-Canadian Concert Party; The Thurber-Laurance Symphonic Orchestra; Pitt Parker, the great crayon wizard and humorist, who works hands and tongue in unison; Walter Henderson, the Scotch comedian; Marietta LaDell in dramatic readings; and the Dixie Girls Quartette. Plan for Chautauqua week now—we'll tell you the rest later.

INFORMATION WANTED

The following communication has been received by Sgt. Nicholson, from the Saskatoon Chief of Police: "I have the honor to advise you that on Saturday, April 18th, a man and woman of the following description circulated a number of worthless cheques in retail stores here. The man is about 30 to 35 years of age, five feet six tall, about 150 lbs., stocky build, round face, dark complexion, dark brown hair, slightly wavy, in front, clean shaven, supposed to be a returned soldier and said to have an artificial leg and carries a cane. The cheques he issued are all in the neighborhood of \$65, ordinary Bank of Montreal cheques made payable to Es-Sergt. Hawthorne, C. No. 5594; Mr. Hatter, No. 194; Es-Pte G. H. Clyde, No. 1985; Mr. G. H. Hall, No. 1987; Es-Pte J. H. Saunders, No. 15963, bearing a stamp 'Department S.C.E. Vocational Displacement Fund, Unit 1' and signed J. W. Brown and C. H. Brown. This man operated in Calgary on March 19th, 1921, and I have caused circulars to be sent around to stores, but unfortunately the storekeepers in question caught them without noticing my circulars. In one instance a woman cashed one of these cheques. She is described as about 25 years, height 5 ft. 4 inches, medium build, medium complexion, good looking and does not give me the impression that she is young. Was wearing a burgundy-colored coat and sand-colored hat. If found, notify me at my expense, when I will have him brought back to this city."

Your kind co-operation in this matter will be appreciated by the police. Phone 226.

HOW DO YOU SUPPLY YOUR EVERY DAY WANTS?

When you want to hire help or sell a farm, buy a horse or find stray cattle your quickest way is a Herald Classified advertisement. They carry your message to thousands of interested readers every night. The next time you have a want to sell quickly write out your ad and send it to The Herald Want Ad Department. We will get instant courteous service.

Almost As Good

A Scotchman had much trouble with her gardeners. She could not find one who was capable of keeping sober. She appealed to her brother, who promised to do his best to help her. At last he announced that he had found just the man she needed.

"I'll only ask one question, James," said his sister. "Is he a teetotaler?" "Well," said James, deliberately. "He's not just what you call a teetotaler, but he's a man you canna fill."

James Cousins, of Bellevue, has invested in a fullbred modern tree climber. The machine requires gas as a food and will never obey a command until one puts a foot down. Climbing telephone poles and trees is a hobby pastime while seeking out rats and rocks on and near a speedway occupies the greater part of his time. Jim claims that he will get sufficient speed on that machine to shorten the distance over the Frank slide by about a half a mile, provided the right-of-way is not taken up by aeroplanes.

It is interesting to note the excellent preservation of some old family residences. So well do they "fit into the picture" that except for their architecture one might almost imagine them the product of the present age, yet in reality they stand as silent tributes to the wise precaution against decay and deterioration on the part of a former generation.

Any house that is worth building should also be worthy of preservation by means of paint. The maximum of protection is found in

B-H "ENGLISH" PAINT

75% Pure White Lead
(Equivalent to 100% Pure Zinc)
30% Pure White Zinc
100% Pure Paint

The formula (70% Brandram's Genuine B.B. White Lead and 30% Pure White Zinc) produces a paint with a fine, smooth surface that does not crack, chip or peel and a surface protecting film that will defy the elements.

Investigate B-H "English" paint—you'll find most Canadians use it because of its economy and lasting qualities. A trial will make you a convinced adherent to this brand that goes so far and lasts so long.

Cowley Happenings

Mr. and Mrs. A. H. Knight, of Lethbridge, are visiting in these parts.

Mr. Leigh was a weekend visitor to Hillcrest.

Mrs. Jeff Donald and son Elmer left on Thursday for Calgary to join Mr. Donald in their new home.

Mr. Harrison is now occupying the Broadway house, having recently moved there.

A number of Masons from Landbrook and Cowley motored to Pincher Creek to attend the Chapter.

D. M. Melvill and family have moved down in the main part of town on Cameron Street.

Using to the inclement weather, the baseball game, which was to have been played on Wednesday between Pincher Creek and Cowley was postponed.

A family of Donkhoras have moved into the house in the lower part of the town, formerly occupied by Clarence Webber and family.

Weather for the past week has been cold and stormy, like old times. While much seedling has been done, warmer weather is needed.

Preparations are under way for a blazer and better school fair. Seeds are being distributed to the pupils for garden.

An old-time 24th of May celebration will be held here and a good programme of races and athletic events is planned, including air stunts by Capt. Palmer and a ball game between Cowley and Pincher Creek teams.

Rev. Mr. Moore preached his first sermon here on Sunday last. We understand that divine service will be conducted here by him every Sunday at 7:30 p.m. for a period of twenty weeks, in the Presbyterian church. Rev. Moore will reside in the Methodist parsonage.

Bellevue Happenings

The scale of work and tea and concert recently conducted by the Ladies Aid of the Methodist church netted about \$150.

The Bellevue Bakery is undergoing a thorough renovating in the rear, the work being in the hands of G. K. Sirett, our local decorator. We understand that Mr. Evans intends operating an up-to-date ice cream parlor in conjunction with the bakery business.

Work on the new Community Hall will shortly commence. The new building will be one of the finest of its kind in the province.

Built on a solid stone and concrete basement, the building will be two stories, containing gymnasium, reading rooms, rest rooms, etc.

The plans have been approved and the contracts let, covering an expenditure of upwards of \$10,000. The site has been granted by the West Canadian Collieries, who have manifested a keen interest in the institution, which will be devoted to the interests of the people of the community. The site is immediately adjoining the Odd fellows' temple.

Once upon a time Putnam went fishing up near McDonald's on the South Fork. He had been fishing, but with bad luck. On the way home, he entered a meat market at Bellevue and said to the clerk: "Stand over there and throw on five of the biggest of those trout!"

"Throw 'em? What for?" asked Fred in amazement.

"I want to tell my wife that I caught 'em. I am a poor fisherman, but I'm no liar."

Work on the new Community Hall will shortly commence. The new building will be one of the finest of its kind in the province.

Hillcrest Happenings

(By our own dear Felix)

Charlie Carlson is busy putting a coat of paint on his new home.

Bill Miller is building a fancy fence around the front of his residence.

Several from Hillcrest attended the farmers' examination held at Blairmore on the 4th inst.

Don Howcroft is putting the finishing touches to the addition on his home in Mayfair.

A consignment of lumber for the new house on Kootenay Row has arrived. Job has a smile now that completely covers him. Please do his first, Jack!

Still no improvement in the weather. Maybe later on, however, for the postmaster has one license and quite a few people are under the impression that he will soon acquire another that is not made of tin.

The golf links are kept pretty busy these days, especially on Sundays. Ain't it funny what a row is made over a game of football or baseball played on Sunday, but never a word about golf. But, then, look who plays G-O-L-F!

The writer is wondering if Jack O'Neill, the fellow who spells his name with a h-o, a h-e-n, a h-u, a h-i and double h-e-l-l, has been deported. He has not been visible for some time.

The question has been asked as to what use the curling rink will be put to during the summer months. It would make a fine club room for the boys of the village; but, then, we have the green house.

A couple of visitors arrived at the home of Mr. and Mrs. John Dudley the latter part of April, with full intention of staying permanent. Good-bye, John, a little late in starting, but you are away past a lot of Hillcrestians now. Better hang on to the Ford. Mother and children are doing well; so is John, by gosh!

In conformity with the reputation Scotland enjoys, Hillcrest has adopted the Daylight-Saving method. Now, what do you know about that? Now you will see the garden wall shoot up; but for goodness sake keep the gates shut, for Ed. Royle's Shetland pony is snuffing around.

Coleman footballers were visitors to Hillcrest on the 4th, and although they took the game by a 2 to 1 score, we are not a bit downhearted. Hillcrest will be heard from yet, but what's the matter with the team selection committee? Surely it's not correct that they are afraid to make the two or three necessary changes in position because the parties holding them now are the sons of so and so. It looks that way—snuff snuff!

Great European Phrenologist and Palmist

Sergt. Rosen, the celebrated palmist and phrenologist—a man with ten thousand eyes—will arrive in Blairmore on May 18th, Wednesday next, and will be at the Cosmopolitan hotel. He is obtaining a license to practice his talent and will be in attendance at the hotel parlor for about a week or eight days. The Manitoba Free Press and the Winnipeg Herald have published very satisfactory accounts of him. "The Sergeant," they state, "is an expert palmist, and if you are interested in the subject you could not do better than pay him a visit. He delineates incidents in your past life very correctly, giving you details and incidents that had completely slipped your memory. Sergt. Rosen, who served in the great war is a son of one of the greatest palmists of the European continent." After visiting here and elsewhere he will go to Banff, where he has been requested to spend the summer in his professional capacity. He carries with him many credentials and there is no doubt but that the people of Blairmore, if they pay him a visit, will enjoy his scientific readings, which, according to all accounts are wonderfully accurate, and his prophecies of the future, which are not of the fairy-story character, should greatly interest you.

George Gaziowski is having a "swell" time while in town.

Richard Harrison and family were down from Michel this week, visiting Mr. Harrison's parents and sister.

Henry Zak, of the Union Meat Market, moved into his new store, just west of solicitor Gillis' office, on Wednesday afternoon and is now ready for business there. The new premises are well arranged, bright and attractive.

A. E. Ferguson is moving down from Coleman to his new undertaking parlor on Main Street south, the building formerly known as the Green hall.

The Philadelphia Record has a front page article headed: "Bullet Strikes Girl's Knees Without Puncturing Shirt—Police Baffled." Possibly the police are baffled, but no one else is.

CUTICURA
FOR HAIR AND SKIN
For promoting and maintaining beauty of skin and hair Cuticura Soap and Ointment are unequalled. Cuticura Talcum is an ideal powder, refreshing and cooling to most delicate skins.

Sole U.S. Mfg. Co., Framingham, Mass., U.S.A. Sold throughout the Dominion. Canadian Depot: The Canadian Dispensary, Ltd., 100 St. Paul St., Montreal. Cuticura Soap and Ointment are sold in all drug stores.

World Happenings Briefly Told

A package of registered mail was stolen from the Canadian-Pacific depot, Port Arthur. The value has not been ascertained.

A. G. Miller, a millwright, was instantly killed at the Fort William Paper Co. factory by coming in contact with a live wire.

The Citizens' Liberty League, Toronto, decided to carry on the campaign against the recent prohibition legislation.

In a five-hour battle near Galbally between 150 civilians and Crown forces, six civilians were killed and 14 others wounded. Two soldiers were wounded, one of them seriously.

Thomas MacNamara, the Minister of Labor, announces that hereafter government contracts will be denied to firms whose staffs do not include at least five per cent. disabled soldiers.

Cable advisers receiving Halifax reports that the Canadian Explorer, of the Canadian Government Steamship Service, has run aground at Salomiki, Greece.

Gold valued at nearly \$3,000,000, has arrived in New York from Europe and Latin American countries. Of this amount, \$2,400,000 came from England, consigned to Kuhn, Loeb & Company.

Rear-Admiral Henry Montague Doughty died Sunday. Rear-Admiral Doughty was born in 1870. He served in the war in command of the battleship Royal Sovereign in the first battle of the world. Before the war he was captain of the gunnery school at Davenport.

Railroads throughout Eastern Cuba are paralyzed by the strike of workers, and gunboats are being employed to move mail between Santiago and other points which can be reached by water. Sugar interests are seriously embarrassed by the walkout.

Saskatchewan Salt Deposits

Expected that 850 Tons Will Be Produced This Season.

A plant is being completed at Senlac, Sask., to produce dairy salt from the salt deposits, and it is expected that almost 850 tons will be produced this season. The dairy salt will be taken by the Saskatchewan Co-operative Creameries at Regina, and the balance of the rough salt, when cleaned, will go to laundries at Edmonton, Saskatoon, Regina, and Moose Jaw. A plant is in course of erection at Fusilier for the manufacture of sodium sulphate powder from the deposit there. This will have a capacity of 20 tons, and shipments will begin this summer.

100 Years in One House

Mrs. Rebecca Thomas, who celebrated her 100th birthday in December last, has died at Kelvedon Common, near Brentwood. She lived all her life in the house in which she was born.

BARELY LIVED THROUGH IT

A terrible experience had Edw. J. O'Connor, of South St. Marie, from boyhood he writes: "I have been a constant sufferer from Asthma and Catarrh. My nose and throat was often stopped up, and I had frequent attacks of coughing from my throat. When an attack of coughing came on, it seemed as if I would barely live through it. I would gasp for breath. Catarrh was made me well. The coughing healing action was exactly suited to my case." To those who suffer from Catarrh, Asthma, throat irritation and Bronchitis, Catarrh is highly recommended. Two months treatment, one dollar; smaller sizes, 25c and 50c, at all dealers of The Catarrhine Co., Montreal.

B.C. Lumber For South Africa.

An order for 1,400,000 feet of the regular 3 by 9 and 3 by 11 requirements in lumber has been secured by the British Columbia Mills Timber and Trading Company from South Africa. This is the first order from the far south in many months. Shipments will begin within a month.

It Has Many Qualities.

The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is indispensable to itself, and can be got for a quarter of a dollar.

Marshal Foch Receives Voluminous Mail Daily

Has No Time to Look After Batch of Correspondence.

Marshal Foch says that one of his great regrets is that he has not time enough to properly digest the big mail he receives. Like most men in his conspicuous position he gets daily a batch of correspondence that keeps his aides busy, sifting through the letters and as many packages from the same person, an American. All were registered. The American must get first attention by the Marshal's staff.

Nearly every mail brings a letter from some pro-German in America inviting the Marshal to have himself hanged or to the place of fire and brimstone. By every mail someone sends him an ode or a song written in his honor.

Mothers write him often informing him that they have named the first child in the world after him, and fathers send word that they would have taken a good drink in his honor on some anniversary or other, had not the American continent gone dry.

Authors send him their books and inventors forward descriptions of wonderful new engines of destruction or schemes to suppress war.

The Marshal's advice is asked on all the subjects with which he says he is least familiar.

His Ambition. Kindly Old Gent—Well, my little man, what would you like to be when you grow up?

Little Man—I'd like to be a nice old gentleman like you with nothing to do but walk around and ask questions.

Born a Slave, Left \$15,000. "Uncle Bill" Hopkins, a negro who died in South Carolina recently, left a \$15,000 estate. Born a slave and unable to read and write, the old negro made practically all his little fortune chopping wood for his white neighbors.

Making House Work Easy

BY LORETTO C. LYNCH

An Acknowledged Expert in All Matters Pertaining to Household Management

The progressive woman is always in search of devices for making the processes of home-making easier. Have you ever seen a tiny washing machine, weighing but six pounds, run by water power? One may attach it to the faucet and wash in a twinkling not only georgette blouses, fine neckwear, silk stockings, filmy tulle, dechines and muslins, fine table napkins, embroidered guest towels, etc., but even coarser articles.

A cork, mounted on the handiest little handle, is ideal for cleaning knives. The cork is first wet and then dipped into the cleaning powder or sifted ashes. It is then rubbed upon the knife or steel fork. All rust and discolorations immediately disappear.

Anyone having to slice eggs for salads or sandwiches knows how inconvenient it is to slice a hard-boiled egg. There is a little device for slicing eggs into nine or eleven even slices at once.

For the woman with a kitchenette, or the woman who must economize space, there is a food chopper to cut up left-over bits of meat for croquettes or hash in a jiffy. It bolts to the table quite like the large ones.

For the woman who makes cookies for her own kiddies or for the charity bazaar, there is a wonderful new rolling-pin. Pass it over the dough and it leaves the imprint of either a pretty castle or a bunch of flowers or some of the nursery folk dear to the hearts of all.

How often have we longed for a tiny washboard upon which to rub out those soiled gloves or the chiffon veil? You may now have them that fit over the hand like a glove while madam rubs out the ugly soil with the other hand. They are delightful for travellers and weigh but a few ounces.

A claw constructed of iron, and looking somewhat like a fork with banded prongs, is just right for combing the hairs and matted material from carpet sweeper or vacuum cleaner.

On the Old Farm in Springtime

I was out driving a three-horse team on the old farm, writes Mr. Edward Crane, of Kilmory, Ont., "when part of the harness broke. While I was at it, one of the horses kicked out and hooked my arm against the sharp edge of the barrow. I was severely cut about the elbow and wrist."

"Not being able to leave work to get the wound dressed, dirt got into it, and my arm grew so stiff and painful that it looked as if it was in for a long time before I could get it straightened out. As soon as I could, I washed the wound and dressed it with Zan-Buk. Next day the arm was much less sore, and the stiffness less troublesome. I continued to use Zan-Buk freely and in a few days it healed the injuries splendidly. Zan-Buk should be on every farm."

Zan-Buk is the purest, safest and most wonderful healing substance in the world. Invaluable for eczema, ulcers, ringworm, polished sores, burns, scalds, pimples, boils and other spring skin eruptions. All dealers 50c. box, 8 for \$3.50, or from Zan-Buk Co., Toronto.

Matter of Life and Death.

A minister who guarded his morning study hour very carefully told the new maid that in no circumstances were callers to be admitted—except, of course, he added, in a case of life and death.

"Told an hour later the maid knocked at his door."

"A man to see you, sir."

"Why, I thought I told you—"

"Yes, I told him," she replied, "but he says it's a question of life and death."

So he went downstairs and found an insurance agent—Houston Post.

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S Catarrh Remedy will cure them. It cleans the nasal cavity, restores the normal function of the mucous membrane, and relieves the irritation and itching of the throat.

So he went downstairs and found an insurance agent—Houston Post.

A Charming Frock Of Crepe de Chine

By Marie Belmont.

A delightful fabric for year round wear is crepe de chine. This dress in beige, shows how effective it is when used in a simple design. A rather interesting cut yoke marks the top of this frock and is extended far enough over the shoulders to form short sleeves. Loops of the pleated crepe de chine are fastened into them and these form a soft background for the upper arms. The black satin slip is partly revealed beneath the panel of flit lace that distinguishes one side of the dress. A flash of brilliant color is found in the sash of scarlet ribbon which is tied low around the figure.

A rather interesting cut yoke marks the top of this frock and is extended far enough over the shoulders to form short sleeves. Loops of the pleated crepe de chine are fastened into them and these form a soft background for the upper arms. The black satin slip is partly revealed beneath the panel of flit lace that distinguishes one side of the dress. A flash of brilliant color is found in the sash of scarlet ribbon which is tied low around the figure.

A delightful fabric for year round wear is crepe de chine. This dress in beige, shows how effective it is when used in a simple design. A Beautiful Complexion & Admiration

Items of Local and General Interest

The shortest thing in the world is the public's memory.

J. E. Gillis is enlarging his law offices on Victoria street.

A bird is to be envied; it has only one bill to take care of.

Isn't it funny that when a man is going to the devil they call him a good fellow.

The world is moving so rapidly today that you have to run as fast as you can to stay where you are.

The next provincial meeting of the I.O.D.E. will be held at Lethbridge in October next.

Eric McLean has pleaded guilty of having stolen goods from the Hudson Bay store at Macleod.

J. A. Osborne has taken over the agency for the Massey-Harris Co. at High River.

L. H. Putnam made a business visit to Edmonton the early part of the week.

Mail robbers in the United States stole six million dollars last year and three millions were recovered.

You can't marry the public to your business by one love letter, but must conduct a continual courtship.

The dwelling next the new St. Anne's church has been purchased from Mr. F. McLaren by the St. Anne's congregation as a rectory.

There are some chronic kickers in the Crows' Nest Pass who couldn't augment a football team one iota.

Charlie Higgins is renewing old acquaintances through The Pass and in this week the guest of his old side-kicker, Danny Lewis.

There is enough uncut timber in British Columbia to build a board walk a quarter of a mile wide around the equator and a ladder to the moon.

We notice that they're using soldiers to stop run-running in New York. Well, that's a good move. It's a safe bet that that's where the run takes its last run.

The football game on Saturday evening, between Bellevue and Blairmore, resulted in a draw—1 and 1. There was a small turnout to witness the game.

The new Orpheum theatre on Victoria Street will likely be ready for opening about the last week of May. The Arlie Marks Co. are booked to stage the opening programme.

There will be sixty members in the next legislature of Alberta about forty too many. The cost of legislation will go up in proportion to the number of members returned.

The Vancouver Province speaks of one class, the fishermen, who should find it easy to make out their income tax returns. All they have to do is to show their "net" earnings.

The town of Hillcrest Mines has adopted Daylight Saving.

There are 1,774,400 persons out of employment in the United Kingdom.

The cost of living declines, but the cost of legislation is still upward and onward.

New Zealand's laws forbid all moving pictures portraying scenes of robbery, murder and suicide.

Bob Levitt, organizer for the U. M. W. of A., was in The Pass this week.

We have this week turned out a cash bulletin for the Coleman Cash Grocery. It will pay you to look over their list.

For every dollar the people of the United States put into savings banks, they put six into war-bondless pit.

England has redged her war debt to Canada by one hundred million dollars during the last year.

Coal Creek plays football at Bellevue on Saturday. This being a league game, should draw a big crowd.

A meeting of the District Baseball League will be held in Blairmore on Sunday next at 2:30 p. m. A full attendance is expected.

Coast dancing masters are advocating spanking as medicine for "boppers" practicing the "shimmy."

An auction sale of stock, implements and furniture will be conducted at Lethbridge on Wednesday next by W. T. Eddy.

He—"What did your father say when you told him that my love for you is like a gushing brook?" She—"He said 'Dam it!'"

Since 1912 in the parks and on the streets of Calgary there have been planted by the parks board 29,000 trees, which is 28,991 more than were planted in Blairmore during the same period.

Say, boys, that tent at the north-west corner of the golf links belongs to a man named Conway, and any person or couple found migrating that way unconsciously will be persecuted.

Toronto is believed to be the foundation of the prohibition movement, and now reports say that whiskey in the houses of Toronto citizens is worth three million dollars, while eight to ten carloads daily come pouring into the city.

S. H. Snitter, who has spent considerable time in The Pass and most of it around the dark lanes of Blairmore, has repaired to new pastures, probably under the government's direction.

The inspector of income taxes is in town this week and located at the R.C.M.P. barracks, where all seeking information regarding the income tax law will be furnished with information.

Michael defeated Coleman 10 to 7 in the baseball league game on Monday night.

And now the time has arrived when one Hatfield will get the blame for each and every wet storm.

DRESSMAKING—Mrs. Wilson, dressmaker, has moved to the residence of Mrs. S. H. Kistruck, on Tenth Avenue.

We regret to learn that Mrs. J. B. Harmer, of Blairmore, and Mrs. T. J. Murphy, of Lethbridge, sisters, are on the sick list.

We regret to learn of the very serious illness of John Eddy, of Mountain Mill, who has been in bed for a few weeks.

The local Rebekahs will hold their regular fortnightly whist drive at the Oddfellows' hall tonight, commencing at 8 o'clock.

Twelve men, armed with sawed off shotguns, held up a Detroit United Railway collector and escaped with \$20,000 in cash.

About fifty members of the local I.O.O.F. subordinate and Rebekah lodges attended the funeral of the late William Brooker at Bellevue yesterday afternoon.

Canada's policy of selected immigration is being well carried out. In the first three months of 1921 one steamship line had to carry back over the Atlantic 169 persons not desirable citizens for the Dominion.

Since prohibition came into force, the police have more to do with "last rites" ceremonies than the clergy ever had. Yes, and they have to very often repeat ceremonies, for Peter Dawson, Johnny Walker, and John Parley-corn have far more lives than the ordinary house cat.

On Monday last, May the 9th, in St. Mary's Cathedral, Calgary, at 11 o'clock, Mr. Frank T. Kidd, of New York City, was married to Miss Edna K. Smith, of Calgary. The ceremony was performed by Rev. Paul A. Murphy, pastor of St. Anne's church, Blairmore.

A dance will be given in the opera house at Coleman on the night of Wednesday, June the 1st, under the auspices of the Coleman Football Club, at which medals for last season will be presented to the winners. Stokes' orchestra will furnish music.

Sunday last was observed as Mothers' Day and services in local churches were appropriate. At the Union church special music was rendered by a choir of twenty voices, while a very eloquent discourse was delivered by the pastor, Rev. W. T. Young.

In the Matter of the Estate of JOSEPHINE TERLECKI, late of the Hamlet of Hillcrest, in the Province of Alberta, wife of Frank Terlecki, deceased.

NOTICE TO CREDITORS AND CLAIMANTS

NOTICE IS HEREBY GIVEN that all persons having claims upon the Estate of the late JOSEPHINE TERLECKI, who died on or about the 15th day of February or 1921, are required to forward to J. E. Gillis, of the Town of Blairmore, in the said Province, the undersigned solicitor for the Executor, Frank Terlecki, on or before the 30th day of May, 1921, a full statement of their claims, duly verified, and any securities held by them, and after that date the Executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or brought to his attention.

DATED this 30th day of April, 1921.

The Talking Machine and The Decoration of The Home

In the appropriately furnished room, the usual talking machine is sadly out of harmony with the beautiful music which its interior produces and makes the sensitive listener with artistic taste wish he could hear the music without having his pleasure marred by the instrument producing it being so pitifully out of time with its surroundings.

The Pathophone Cabinets are perfection in the extreme, ornamentally, and adorn the room as well as cheer the listener with its finest of fine tones.

Call at F. M. Thompson Co.'s and see and hear this marvel of musical instruments and get prices and terms.

BLAIRMORE

Blairmore Enterprise Supplement, May 12

Mr. and Mrs. J. B. Wilson spent the week end at Macleod.

The bald truth is something you can't split hairs over.

Prices of some commodities are coming down a trifle, while skirts seem going higher.

Monday, being Arbor Day, was observed by local schools and banks as a holiday.

There is a fifteen-cent family in Kansas. The man's name is Nickel and he has a wife and one child.

We may expect politics without party for the next ten years. Likewise cocktails without the old kick to them.

Dr. Michael Clark, member for Red Deer, has consented to address the Canadian Club at Portage La Prairie early in June, on the railway situation in Canada.

Rev. Father Murphy went to Calgary on Sunday night, where on Monday he officiated at the marriage of an intimate New York chum of his.

At the regular meeting of the town council on Monday night, very little business was transacted owing to lack of full council. Bills amounting to \$113 were passed for payment.

A new paper manufacturing concern has been formed at Prince Rupert, B. C., known as the Prince Rupert Pulp and Paper Co., incorporated with a capital of \$4,000,000.

Nine hundred Germans, whose punishment has been demanded by the Entente for crimes committed during the war, will face trial at Leipzig, commencing May 23rd.

Doughty, convicted of stealing \$105,000 in victory bonds from Ambrose J. Small, missing theatre man, has been sentenced to six years in penitentiary. It is thought that the crown authorities will drop for the present the charge against Doughty of conspiracy to kidnap Small.

The Sheriff's auction sale of the Bradley estate took place at the office of A. M. Morrison, Coleman, on Friday evening last. Bidding on the various properties was not very brisk and most of the items were bought in by George Bradley, executor of estate the.

Repairs are being made to the light service line, including the erection of many new poles.

At the Crossroads

The chairman of the committee was addressing a meeting at a teachers' institute.

"My friends, the schoolwork is the bulhouse of civilization. I mean—ah!" He began to feel frightened.

"The bulhouse is the schoolwork of civ—"

A smile could be felt.

"The workhouse is the bulschool of—"

He was evidently twisted.

"The schoolbul is the housework—"

An audible snigger spread over the audience.

"The bulschool—"

He was getting wild. So were his hearers. He mopped his perspiration, gritted his teeth, and made a fresh start.

"The schoolhouse, my friends—"

A sigh of relief went up. Hamlet was himself again!

He gazed serenely around. The light of triumphant self-confidence was enthroned upon his brow.

"Is the woolbark—"

And then is when he lost consciousness.—Biblical Recorder.

God's Own Country

Yankee (watching unemployment procession in London)—"Gee! This couldn't happen in my country!"

Scot—"An' whit country may that be?"

Yankee—"Why, God's own country, I guess."

Scot—"Man, ye've got an awful pair Scotch accent!"

A Poser

Jimmy giggled when the teacher read the story of a man who swam across the Tiber three times before breakfast.

"You do not doubt that a trained swimmer could do that, do you?"

"No sir," answered Jimmy, "but I wonder why he did not make it four and get back to the side where his clothes were."

The Countess of Warwick was on one occasion canvassing for votes at a parliamentary election, and knocked at a house, and the door was opened by a burly woman who eyed her none too graciously. "May I ask," inquired the Countess, "to what party your husband belongs?" "Certainly," retorted the woman, as she made to shut the door again. "I'm the party to whom 'e belongs, and well 'e knows it."

A garage owner, wearied of the conventional "Entrance" and "Exit" over his doors, has had them replaced with more appropriate signs, reading "Intake" and "Exhaust."

The mines in this district are now working back on nearly full time.

Steve Piccariello was down from Calgary to spend the week end with his parents.

Mr. A. Agnew, of Toronto, spent the week with friends in Blairmore.

See W. L. Ouimette's fortnightly store news. Bulletin just issued today.

The revised Bible of a thousand years hence will contain the sentence: "And Hatfield said, let there be rain, and there was rain!"

For as the ancient politicians in popular estates were wont to compare the people to the sea, and the orators to the winds; because as the sea would of itself be calm and quiet, if the winds did not move and trouble it, so the people would be peaceable and tractable if the seditious orators did not set them in working and agitation.—Bacon.

In the United States, fires in five years have destroyed property worth \$1,500,000,000. Electricity is given as the chief cause of fires, with matches and smoking second; defective chimneys and flues third; stoves, furnaces, boilers and pipes fourth; lightning fifth; spontaneous combustion sixth; sparks on roofs seventh, and petroleum and its products eighth.

Blairmore Lodge, No. 68, meets every Tuesday at 8 p. m., in the Oddfellows' hall. Officers for ensuing term: E. Eckmier, N.G.; W. Patterson, V.G.; W. T. Patterson, R. S.; James Crowder, F.S.; W. Knight, Treasurer.

Crows' Nest Encampment No. 8, meets on the second and fourth Wednesdays of the month in the I.O.O.F. hall at 8 p. m. Officers: James Crowder, C.P.; E. Eckmier, S.W.; A. Morency, R.S. and F.S.; J. Montalbetti, Treasurer.

Crowview Rebekah Lodge, No. 66, meets the first and third Thursdays of the month at 8 p. m. Social evenings every alternate Thursday. Officers: Miss K. Archer, N.G.; Mrs. Jessie McVey, V.G.; Mrs. Randall, R. S.; Mrs. Fraser, F.S.; Mrs. Archer, Treasurer.

Bellevue Lodge No. 118, meets every Monday night at 8 o'clock in the I.O.O.F. hall at Bellevue. A. Dryden, N.G.; T. Bradley, V.G.; H. Peters, Treasurer; A. Hallworth, Secretary. Visitors always welcome.

Ray of Hope Rebekah Lodge No. 67, meets the first and third Wednesdays of the month in the I.O.O.F. hall, Bellevue, at 8 p. m. Sister Bradley, N.G.; Sister Prescott, V.G.; Sister Goodwin, Treasurer; Sister K. E. Hallworth, Recording Secretary; Bro. Cousens, Financial Secretary. All Rebekahs welcome. We go in for a good time.

Visiting members of above branches of the Order cordially invited to attend these meetings.
